Press Release

NDCO Construction Services (NDCO), the Exclusive North American Agent for **Dosco Overseas Engineering** (DOSCO), is pleased to announce that **NDCO/DOSCO** have sold three (3) LH 1300 Roadheaders to Potash Corporation of Saskatchewan (PCS).

The LH 1300 Roadheaders will be utilized at PCS's Lanigan underground potash operation.

One of the LH 1300's is being custom fitted with a Jib Boom Cuttinghead, that essentially converts the Roadheader to a Continuous Miner.

NDCO/DOSCO are pleased to provide these 3 machines plus the custom Jib to PCS

NDCO/DOSCO maintain a full range of New & Refurbished Roadheaders, Continuous Miners and other related underground mining equipment.
