Under the agreement, the Underwriters will purchase 15,250,000 common shares of First Uranium at a price of \$7.00 per share for gross proceeds of \$106,750,000 (the "Offering").

First Uranium has granted to the Underwriters an over-allotment option, exercisable for a period of 30 days from the closing of the Offering, to purchase up to an additional 2,287,500 of the Company's common shares on the same terms as set out above solely to cover over-allotments, if any, and for market stabilization purposes.

- for general corporate purposes.

The Offering is expected to close on or about June 1, 2009 and is subject to certain conditions including the receipt of all necessary approvals, including the approval of the Toronto Stock Exchange.

The Shares will be offered in all provinces of Canada except Quebec by way of a short form prospectus and such other jurisdictions outside of Canada pursuant to applicable private placement exemptions.
